

E R R A T A

On pages 12-13 of Safring News 11 (1), Table 3 of the report 'Some Local bird Ringing Statistics for 1979-1981' contains some errors and should be amended as follows:

In the entry for Manson, A.J. change Sand Martin *Riparia riparia* to Brownthroated Sand Martin *Riparia paludicola*.

In the entry for Waltner, M. the correct name for the Curlew Sandpiper is *Calidris ferruginea*, not *Calidris canutus*.

Both these errors were inadvertently perpetrated by the Editor and were in no way due to the ringers concerned.
